and Wednesday.

# THE ALBANY-DECATUR DAILY

ALBANY and DECATUR  
TWO BEST TOWNS IN  
NORTH ALABAMA  
—Watch Them Grow—

VOL. 8; NO. 118. ALBANY, ALABAMA, TUESDAY, JULY 8, 1919. PRICE FIVE CENTS

## PRESIDENT WILSON IS ROYALLY WELCOMED HOME

### BIG GUNS ROARED AS HUGE TRANSPORT NEARED THE SHORE

VICE PRESIDENT AND CABINET  
MET GEORGE WASHINGTON  
DOWN THE BAY.

Big Ship Docks at 1:57  
ADDRESS AT CARNEGIE HALL  
WILL BEGIN ABOUT 4:30  
O'CLOCK.

(International News Service.)  
NEW YORK, July 8.—The George Washington arrived at the Hoboken lock at 1:57 with President and Mrs. Wilson on board. The President will probably begin his address at Carnegie Hall at 4:30 o'clock this afternoon.

### MET DOWN THE BAY

(International News Service.)  
NEW YORK, July 8.—Escorted by five dreadnaughts and a number of destroyers, the transport George Washington, bearing President Wilson and his family, passed Ambrose lightship, 16 miles from The Battery, at 10:30 this morning, and steamed up the lower bay amid the booming of antiship salutes.

As the George Washington, conveyed by the Oklahoma and four destroyers which had accompanied her from Brest, arrived off the lightship they were met by the dreadnaughts Pennsylvania, Utah, Delaware and North Dakota, which formed two lines through which the transport passed. The big guns of the Pennsylvania, flagship of Admiral Wilson, commanding the Atlantic fleet, roared a salute as the George Washington came abreast with the presidential party all on deck. The Utah, Delaware and the North Dakota broke forth with 21 guns.

The Pennsylvania carrying Vice President Marshall, members of the cabinet and a delegation of democratic congressmen headed by Champ Clark, swung about the George Washington in a wide circle and took the lead, leading up the upper bay towards quarantine, which was reached before noon.

### BRITISH PRESS COMMENTS

(International News Service.)  
LONDON, July 8.—With President Wilson due to land in New York today the London press is devoting considerable space to the attitude of the American people on Mr. Wilson's peace principles. "President Wilson's effect by the American people would be an international disaster," said the Daily News.

This paper declared that it is now the President's task to justify the peace treaty and the league of nations before the American people.

### R-34 PLANS START ON RETURN TRIP EARLY WEDNESDAY

GIANT DIRIGIBLE DETAINED AT  
MINEOLA BY ENGINE  
TROUBLE.

(International News Service.)  
MINEOLA, July 8.—The British dirigible R-34 will hoist anchor and start on the 3,000 mile trip back to her base in Scotland between 11 o'clock tonight and 5 o'clock tomorrow morning, barring unexpected changes in the weather. This announcement was made this morning by Maj. J. D. M. Prichard, in charge of the dirigible overnight, following announcement a few hours earlier that the Trans-Atlantic airship could not be made ready for the start this morning.

"We could not complete the work of overhauling the engines in time to get away this morning," said Maj. Prichard.

There were quite a number of minor troubles with the engines when we arrived. These repairs will be completed before night."

Before the R-34 makes her getaway the weather reports will be scanned carefully. If the weather appears favorable at the start, Maj. Scott, the airship's commander, probably will take the southern course, about 400 miles north of the Azores, but if strong winds are blowing in an unfavorable direction he will return by the same route over which he came.

### COMMITTEE TELLS OF PLANS TO MAKE TWO CITIES INTO ONE

Two Bills Recommended, One Consolidating Albany and Decatur, the Other Providing for Temporary Municipal Government. "Greater Birmingham" Measure is Basis.

Introduction in the legislature of two bills, one incorporating the features of the "Greater Birmingham Bill" and consolidating Albany and Decatur and the second providing for a temporary government for the consolidated city were recommended today by a committee of prominent citizens, following a conference of advocates of consolidation held last night. The committee issued the following statement:

A number of representative citizens of Albany and Decatur, upon being advised that a petition has been circulated and signed by a majority of the qualified voters and taxpayers of the cities of Albany and Decatur, asking the present legislature to pass a law consolidating the said cities, held two meetings at which the question of consolidation was discussed in its various phases. From the discussions at these two meetings the following facts were developed:

1st. That there is a strong sentiment in the two cities favorable to consolidation at this time, provided the same can be accomplished upon a basis absolutely fair to the interests of both towns.

2nd. That it is inadvisable and impracticable at this time to endeavor to consolidate the two towns under the existing law known as "the Walden Bill," because under the provisions of this bill the city councils of the two towns are alone empowered to order elections in the two towns to vote upon the question. The councils of the two cities have persistently failed or refused to order such election, notwithstanding they have been requested and petitioned to do so. It has always developed that when the council of one town would be favorable to the proposition the other would be opposed and vice versa, hence no action has resulted.

### By Legislative Enactment.

It was therefore concluded that if consolidation is to be accomplished, it must be done by legislative enactment, and being convinced that a large majority of the citizens and voters of the towns are favorable to such action with provisions fair and just to the interests of both towns, the meeting resolved itself into a committee for the sole and only purpose of bringing to pass the legislation desired.

It was unanimously agreed to have published and introduced in the legislature two bills, one a consolidation bill to be an exact copy of the "Greater Birmingham" bill as passed by the legislature of 1909, with only changes as to name and boundaries, the name of the consolidated city to be Decatur.

territory and its boundaries to include all territory embraced in the two towns of Albany and Decatur.

The second or Companion Bill to be published and introduced is to provide a temporary government for the consolidated city as follows: A city council to be composed of eight members, four to be chosen from what is now the city of Albany and four from what is now the city of Decatur; a president of the city council to be chosen from what is now the city of Albany; a mayor to be chosen from what is now the city of Decatur. These temporary officers to serve for only such length of time as may be required to organize the city government, lay out wards or districts, and to provide machinery for the holding of an election at which the people shall elect the officers to serve the consolidated city.

### Temporary Officers

It was unanimously agreed that the temporary officers of the consolidated city should be named in the following manner to wit: The chairman was directed to name three citizens, favorable to consolidation, from each town, these three citizens to name from the citizenship at large of each town, twenty-five representative citizens, favoring consolidation, to act for each town in the matter of naming the temporary officers to which each town is entitled as above set out. These temporary officers when selected as herein provided to be named in the companion bill to be published and introduced.

The above plan for consolidation is presented to the citizens of Albany and Decatur at the request of the citizens who originated this movement, and a fair and impartial consideration of the plan is requested. If any citizens of either town who favors consolidation by legislative enactment, desires to offer any suggestions or amendments to the plan as outlined above, he will be given an opportunity to do so at the next meeting to be held at the City National Bank in Decatur on Wednesday evening the 9th inst. at 8:30 o'clock.

This meeting as the two previous one have been, will be open to any citizen of either town who favors the consolidation of these two towns and the building in this community of a great city in this the heart of the greatest section of the greatest country in the world.

Respectfully submitted,  
A. G. PATTERSON.  
T. M. JONES  
T. A. BOWLES.  
CLYDE HENDRIX.  
W. B. EDMONSON.

### Teachers' Exams Held at Falkville Beginning July 21

Prof. J. C. Tidwell, county superintendent of public instruction, announced today that the examination for teachers will be held at Falkville, Monday, Tuesday and Wednesday, July 21, 22 and 23 and will begin promptly at 10 a. m. Monday.

### Miller Advances Date of Sale to Benefit Customers

Owing to the fact that a heavy advance in the price of pianos and gramophones becomes effective on July 15, J. A. Miller, of the Cable-Shelby-Burton Piano Company, has advanced the date of his sale from July 18 to July 10. By doing this, Mr. Miller is able to give his customers the benefit of present prices. A full page ad in tomorrow's Daily will announce the sale.

### SPITZBERGEN CLAIMED

Paris, July 8.—The Norwegian government has made formal claim before the peace conference for possession of Spitzbergen, it was learned today. Spitzbergen comprises a group of islands in the Arctic ocean. They have not been claimed by any particular nation.

### CONGRESS MEETS AFTER GOOD RECESS

USUAL ANTI-LEAGUE RESOLUTION OFFERED BY REPUBLICAN.

(International News Service.)  
WASHINGTON, July 8.—Congress reconvened today after a six day recess of both houses. With President Wilson scheduled to address the senate on Thursday, when he will present the treaty of Versailles with the league of nations covenant, together with the Franco-American pact, there remained but two days for opponents of the league and of the pact to continue the verbal warfare they have waged for the past two months.

### LEAGUE ATTACKED AGAIN

(International News Service.)  
WASHINGTON, July 8.—A resolution describing the league of nations as a super-government and requesting the president to state by what constitutional authority it was proposed to commit the U. S. to the league was introduced in the senate this afternoon by Senator Sherman, republican, and referred to the senate foreign relations committee.

### LANSING TO SAIL FOR HOME FRIDAY; HUNS ARRIVE LATE

SECRETARY OF STATE IS COMING BACK AFTER LONG ABSENCE.

### May Admit Austrians

TO LEAGUE OF NATIONS IN OCTOBER IF THEY OBSERVE TREATY WELL.

(International News Service.)  
PARIS, July 8.—Secretary of State Lansing, member of the American peace delegation, is planning to sail for the U. S. on Friday, it was stated today.

Owing to the delay of the German delegates arriving here, the first meeting regarding reparations will not be held until Thursday. This meeting will take up the formal request recently made by Germany in a note to the allies that action be taken immediately to enable Germany to begin work on reparations.

The George Washington moved slowly up the lower bay towards quarantine and was expected to reach there about 1:45 p. m.

### MAY ADMIT AUSTRIANS

(International News Service.)  
PARIS, July 8.—Austria may be admitted into the league of nations at the meeting in Washington in October. That was the situation today upon the eve of the presentation of the remaining peace terms to the Austrian delegation. Austria had already made application for admission to the league and was informed that if she showed good faith she would be admitted soon.

### REINFORCEMENTS RUSHED

(International News Service.)  
ATHENS, July 8.—Greek reinforcements are being rushed to Turkey today following an attempt by Turkish troops to occupy Aidin, 81 miles southeast of Smyrna.

### LEGISLATURE TO HOLD FIVE DAY SESSION LATER ON

(International News Service.)  
MONTGOMERY, July 8.—Gov. Kilby personally read his message to both houses of the Alabama legislature this afternoon. Complimenting the law makers on their grasp at the January session of what the people of the state want, the Governor continued: "Never before have our people indicated a truer conception and more intelligent comprehension of the highest and best needs of society, and a firmer determination to secure them. Never before was there given to a legislature greater opportunity for real and lasting service to the state."

### (International News Service.)

MONTGOMERY, July 8.—Gov. Thomas E. Kilby has called together representatives of labor and of various industrial interests in an attempt to find common ground upon which all can stand in the face of a worker's compensation act.

While there is little disposition to rush things an effort will be made to finish the work of the session in 25 legislative days, leaving five days for a third session of the session in the event of an emergency.

Speaker Henry C. Merritt said today: "In order to meet any changed conditions in regard to the registration of voters and other matters affecting the electorate in case the necessary number of states should ratify the Anthony suffrage amendment, I hope that the legislature may be able to complete its work in 25 legislative days."

The legislature convened at 2 o'clock this afternoon.

### Social Meeting of St. John's Parish

The members of St. John's church and their friends are invited to attend a social gathering of the parish in the Guild House tonight, July 8th at 8 p. m. A musical program will be rendered and refreshments served. A large attendance is expected.

### SCENE AT REVIVED LEIPSIK FAIR

This year for the first time since the war started, the famous annual Leipzig fair was held. The photograph shows the throngs viewing the exhibits in Peter street.

### ALL CAR OWNERS REQUESTED TO GO TO ROADS MEET

PATRIOTIC CITIZENS TO  
HELP BOARD.

### Program is Announced

LOCAL DELEGATION TO LEAVE  
FOR MAGIC CITY WEDNESDAY  
AFTERNOON.

All owners of automobiles, whether or not their names were included in the list of delegates to the good roads meeting in Montgomery, which was published in yesterday's Daily, today were asked by the Board of Commerce to make the trip. The following statement was issued by President Moebes:

In addition to the gentlemen mentioned in yesterday's paper to make the trip to Montgomery Wednesday afternoon in the interest of the good roads movement, the Board of Commerce wishes it to be known that all owners of cars, who can possibly make the trip, are requested to go.

There are a great many owners of cars among the L. & N. employees, but on the spur of the moment, the committee could not call to mind but a few of them.

It will be a very delightful trip, and any one taking a seat in your car is requested to pay \$5 toward helping pay the expenses of that car.

Cars are scheduled to leave Albany for Birmingham Wednesday afternoon. Banners to go on cars can be had at Otto Moebes' Real estate office.

A letter was today received by Morgan County Chairman W. E. Crawford from F. J. Crampton requesting the North Alabama delegates to leave here Wednesday afternoon and join other delegations at Birmingham, resuming the trip to the capital Thursday morning. The program will be carried out.

The following program of the Montgomery meeting was announced today:

11:00 a. m. Registration of delegates will begin at City Auditorium.  
1:30 p. m. First session of Convention—City Auditorium.

Meeting called to order by F. J. Crampton, President Alabama Highway Improvement Association.  
Address of Welcome by Hon. Robt. H. Jones, President Board of Revenue of Montgomery County.

Appointment of committees.  
2:30 p. m. Grand Automobile Parade.  
3:00 to 5:00 p. m. Flying Circus at Wright Field.

All cars will drive to Wright Field immediately after parade.  
8:00 p. m. Night session of Convention—City Auditorium.  
General discussion.  
Report of committees.  
Adoption of resolutions.  
July 11th.  
9:30 a. m. Final session of convention—City Auditorium.

### 30 YEAR FRANCHISE GRANTED POWER CO. BY ALBANY COUNCIL

WILL BRING UNLIMITED CUR  
RENT HERE THE COMPANY  
OFFICIALS ASSERT.

### Survey Already Started

FRANCHISE IS ADOPTED UNANIMOUSLY AND APPROVED  
BY MAYOR DILLEHAY.

Amended to better safeguard the interests of the city, councilmen believe, the proposed 30-year franchise for the Alabama Power company was adopted by the Albany city council at a special meeting yesterday afternoon. The franchise was adopted without debate, the various sections already being familiar to the aldermen.

The franchise was read by city clerk Henry Hartung immediately after the meeting convened and was adopted unanimously. It was approved last night by Mayor Dillehay and will go into effect upon the completion of the hydro-electric line from the Coosa river here.

The new high power line will bring practically unlimited power to the city, power officials assert, providing plenty of current here for residential uses as well as all power needed for use of industrial plants. Survey work already has been started on the line, reports from Guntersville declare.

The franchise is published in another column of The Daily.

### RED PLOT FOILED; ROME QUIET NOW

ANARCHISTS WHO INTENDED TO  
THROW BOMBS LANDED IN JAIL.

(International News Service.)  
ROME, July 8.—This city is quiet following the arrest of anarchists who were plotting to seize public supplies and establish a reign of terror among the population by use of explosives.

The police raided an anarchist meeting and made ten arrests. Later another group of plotters went to Elterra Alta fort, outside of the city, and attempted to induce troops to desert, but were fired upon. The soldiers left the fort and arrested many of the anarchist band.

### All Denver Walks; Traction Strike on

(International News Service.)  
DENVER, Col., July 8.—At 4 o'clock this morning the strike of 1,200 trainmen and shopmen employed by the Denver Tramway Company went into effect, and all union men at work at that hour except a few on owl cars quit.  
Denver at noon is without street car service.

### COUNCIL FAVORS MERGING CITIES BY WALDEN BILL

CITY FATHERS PASS RESOLUTION FOLLOWING WARM DEBATE ON FLOOR.

'Ald. Brock Votes 'No'  
ALDERMAN MOEBES OF THE  
FOURTH WARD DECLINES  
TO CAST VOTE.

Following warm debate of the consolidation question, the Albany city council last night passed a resolution declaring it is the sense of the council that an election under the existing Walden law should settle the question whether the cities of Albany and Decatur should be one or two.

The debate was precipitated by Alderman Chenault, who introduced the following resolution, which was passed, with but one dissenting vote, that of Alderman Brock.

"Be it resolved that it is the sense of this council that the cities of Decatur and Albany be not consolidated except by vote of the people of the two cities and in no event unless a majority of the qualified voters of the city of Albany vote in favor of such consolidation, and that if the present laws are not deemed sufficient for this purpose, that these laws be so amended as to require an election looking to consolidation."

Alderman Moebes declined to vote on the resolution. It was stated he had signed a petition being circulated and requesting the state legislature to consolidate the cities.

Preceding the vote on the question, members of the council debated the proposed consolidation of the two cities. Alderman Patterson declaring that he is "not standing in the way of consolidation" but that "the machinery for consolidation already is here. He said he believed the features of consolidation" should be worked out here rather than in Montgomery.

The Walden law, providing for an election on consolidation, and as amended was approved on April 21, 1911. Its provisions declare that when twenty-five per cent of the qualified electors of the cities have petitioned the city councils to call an election on consolidation, such election shall be called by the councils and ballots furnished for voting "for consolidation" or "against consolidation."

Shortly after the original bill was passed the necessary petitions were presented to the Albany and Decatur councils but the elections were never called.

### RAIN PREVENTS THE OPENING CONTEST

LOCALS AND RICKWOOD AGGRESSION WILL MEET TODAY  
HOWEVER.

Rain prevented the opening game between the Albany-Decatur team and the fast Rickwood aggregation of the T. C. L. League, an organization that wears the brand of Rick Woodward, Birmingham's baseball magnate. However, there is time enough left for the fur to fly, as the two teams meet again this afternoon at 4:45 o'clock and also tomorrow afternoon, at which time it is probable that a double-header will be played.

Graham will occupy the mound for the home talent today, while Barnes will do the hurling tomorrow, according to present plans.

The visitors impressed local fans by their heft and athletic appearance, and it is now conceded that the Haines outfit will have to go some to win.

### Burleson to Quit? Declines to Say

(International News Service.)  
WASHINGTON, July 8.—Postmaster General Burleson refused today either to confirm or deny a report that his resignation would be placed in the hands of President Wilson when the latter arrives in Washington tonight. He denied himself to press representatives, sending out word that he would not discuss the matter.

## THANKS

The Ladies' of the Christian Women's Union of the First Christian Church wish to thank the men of the & N. shops for their donations to the building fund for the new church.

CHRISTIAN WOMAN'S UNION,  
By Mrs. H. T. Gill, Chairman.

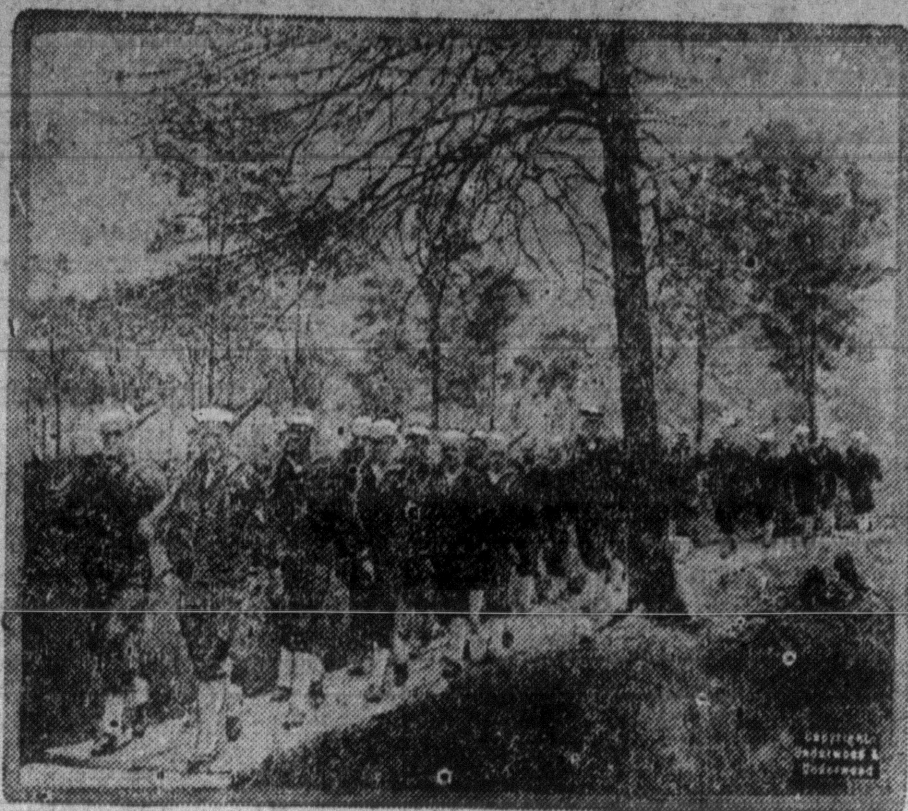

## SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL  
HAARLEM OIL  
CAPSULES

Bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box and accept no imitation.

## ON THE WAY TO NAVY RIFLE RANGE

Men of the U. S. navy marching along a duckboard path on their way to the navy's rifle range at Oldwell, N. J.

ORGANIZATION HERE  
TO STOP ACCIDENTS

IS ACCOMPLISHING MUCH IN THE LOCAL LOUISVILLE AND NASHVILLE SHOPS.

The department of safety of the United States Railroad Administration, which was formally organized about six months ago, maintains an active and enthusiastic organization at the Albany Railroad shops and for the ensuing year will contain the following personnel: C. W. Mathews, Chairman; M. R. Thomas, Secretary; C. V. Dupont, General Foreman Machine Shop; J. Hartung, General Foreman, Car Shop; F. H. Shuler, General Foreman Roundhouse; C. A. Miller, Machinist; H. T. Thurman, Boilermaker; Cecil Vantress, Blacksmith; T. E. Speer, Pipefitter; M. M. Collins, Storeroom Clerk; Ed. Cherry, Electrician; C. J. Wiggins, Foundryman; T. V. Coggins, Hostler; L. C. Reynolds, Car Inspector; B. Hartung, Woodworker; S. G. Fordline, Machine Operator; Harry Hockinsmith, Painter; D. D. Strygley, Coach Repairer; I. Hames, Car Repairer.

According to J. P. Todd, Federal representative, who attended one of the recent meetings of this organization the local shops bid fair to accomplish marvelous results in the prevention of accidents both in the shops and in the transportation department and indirectly throughout this community.

The supreme importance of fewer accidents, to all concerned was insisted upon by Mr. Todd, C. W. Mathews, local chairman of the safety committee and many other members of the committee. It is the purpose of the organization, not only to prevent the occurrence of accidents by having all machinery arranged so as to protect against accident, but to erect a sentiment "of thinking against" accidents. According to reports the large majority of accidents in the shops are those to the eyes and are preventive, if the new accident proof goggles are consistently used.

## Know Only Two Seasons.

There are but two seasons—the wet and the dry—at the equator in Africa. The former (summer) lasts eight months, with the thermometer averaging from 110 to 125 degrees Fahrenheit. During the dry or "cold" season of four months the thermometer stands at about 70 degrees. It is then that the natives, who have been hived in their bamboo huts so long by the red and white men, set out for the forests and jungles.

## ALL THAT HE WOULD ADMIT

But Old Vermont Did Unbend Slightly When His Visitor Presented His "Credentials."

Representative Frank Green of Vermont, who makes the best after-dinner speech of any man in congress, and does not like to because it interferes with his train of serious thought, has brought a new Vermont story to town. It is based on the care with which his fellow Vermonters take strangers into their arms.

While ambling around the state during the recent recess Green visited a town where several of his ancestors were born. Finally he came up in front of a village store and encountering one of the oldest inhabitants he tried to start a conversation.

"Looks as though it might rain," Green suggested.

The oldest inhabitant's response was a quick glance.

"Who are you, young man?" he asked.

"Oh," Green responded, "I'm young Green. My grandfather used to run the quarry out yonder. My grandfather, too, was born in these parts."

"Is that so?"

"Yes," Green continued. "I had a lot of relatives born up here, too. One of my uncles ran the livery stable for years, a cousin was in the furniture business, one of my aunts was the champion bread baker of the county for six consecutive years, and I don't know how many of my folks took other high honors hereabouts."

The resident was impressed. Looking Green over carefully and observing that the young fellow appeared to be telling the truth, the old man agreed:

"Well, young man, it may rain."

New York Times.

## WHEN JIMMY BRITT LAUGHED

Sportsman Who Had Bantered Him on Looking Old Got Considerable of a Jolt.

Jimmy Britt, the immaculately dressed lightweight champion, used to tell a story about Eugene Corri, the English referee.

"One day in the Strand," so the story ran, "Corri came up to me and said:

"Britt, you've made a lot of money out of boxing, haven't you?"

"Yes," said I, "I have."

"Well," said Corri, "why don't you quit? You're beginning to show signs of what you are—a pugilist on the down grade. Jimmy, my boy, you're beginning to look old."

"Well," after that speech Corri took me to lunch at the Ritz. While we were lunching a nice-looking couple at a near-by table kept looking at us continually, and finally we heard the young lady say as she nodded toward Corri:

"Who is that man?"

"He's a pugilist," her escort answered.

"Gracious," said the young lady. "What a brutal face he has!"

"Yes," said her escort. "To judge from his looks he must be about the fondest fighter in the ring."

"Then a little later we heard the young lady say:

"Is he a pugilist?"

"Yes," said her escort.

"That handsome, gentlemanly little fellow with him is his son."

—

## Sulfero-Sol

Hardy Palm.

The hardest palm at all common is California's "Trachycarpus excelsus," known as the windmill palm. Not alone is it hardy in withstanding low temperatures, but it is tough and will endure rough treatment, but boxed it is not a success, say those who know.

—

## A RESIDENT OF SAME VICINITY FOR 50 YEARS

WELL-KNOWN RETIRED R. R. CONDUCTOR HIGHLY PRAISES TRUTONA

JACKSON, TENN., July 7.—W. J. Hunt, 70 years old, a retired R. R. conductor of 300 Chester street, has been a resident of Jackson for the past fifty years and he is known to practically every one in this city and vicinity. He has the following praise for Trutona, the perfect tonic.

"I've suffered from a catarrhal affection of the head, nose and throat for many years. Indigestion also bothered me. I was continually annoyed by 'noises' in my head, my eyes watered badly at times and my nose was usually stopped up. I didn't have much of an appetite, either, and the food I ate didn't seem to agree with me.

"Trutona is the first medicine that ever really reached my trouble. Why, I'm actually gaining weight now. My appetite is 100 per cent improved and everything I eat agrees with me. The 'ringing' in my head is better, my eyes don't water any more and my nose isn't stopped up. Trutona is the most remarkable medicine I've ever taken and I hope many will profit by advice and try it."

Trutona is now being introduced and explained in Decatur Drug Co.; in Albany by Decatur Drug Co.; in Albany by Preuit-Dillehay Drug Co. The J. S. DuBois Son & Co., wholesale distributors for this section.—Advertisement.

## GETS WRONG VIEW OF LIFE

Person of Undecisive Character Can Hardly Be Brought to See Things in Right Light.

A person of undecisive character wonders how all the embarrassments in the world happened to meet exactly in his way, to place him just in that one situation for which he is peculiarly unadapted, but in which he is also willing to think no other man could have acted with facility or confidence. Incapable of setting up a firm purpose on the basis of things as they are, he is often employed in vain speculations on some different supposable state of things, which would have saved him from all this perplexity and irresolution. He thinks what a determined course he could have pursued if his talents, his health, his age, had been different; if he had been acquainted with some one person sooner; if his friends were, in this or the other point, different from what they are; or if fortune had showered her favors on him. And he gives himself as much license to complain as if all these advantages had been among the rights of his nativity, but refused, by a malignant or capricious fate, to his life.—Rev. John Foster.

## Piston Rings.

Piston rings, of which millions are used yearly, are shaped by centrifugal action from molten metal in the special machine of DeLavaud. In tests at Columbia university, it has been shown that these rings are not only made faster than by other methods, but are actually stronger and more resilient than rings of the same chemical composition cast in sand. The microscope reveals a more uniform and finer structure.

## SAYS SHE WOULD HAVE BEEN DEAD

If Sulfero-Sol, the Wonder Medicine, Hadn't Relieved Her of the Horrors of Pellagra as Well as Other Diseases.

Here was a pitiable case. And she made a remarkable recovery. Mrs. Mattie Boren, of Sallisaw, Okla., suffered with the horrors of pellagra more than two years. The children had it, too. She was also afflicted with kidney and bladder trouble and diseases peculiar to her sex. Now she is well. She attributes her recovery alone to Sulfero-Sol. "The Wonder Medicine," because while she was taking it, she took no other. "I would have been in my grave today," she says. "Me and my three children had the pellagra. Doctors said we would never get well. But Sulfero-Sol cured us."

Sulfero-Sol is a medicine of marvelous power, which is even recognized by physicians. It is a natural purgative and blood purifier, relieving not only Pellagra, but also Rheumatism, Eczema, Indigestion and Diarrhoea. Try a bottle and be convinced of its wonderful power. After a few doses you will praise it. Get it at your druggist.

Manufactured by the Sulfero-Sol Co., Montgomery, Ala.

## HOW SHIVAR ALE RENEWS HEALTH

New England Scientist Discovers the Secret of the Well-Known Health Giving Properties of This Famous Southern Product.

Dr. W. H. Morse, Consulting Scientist, Hartford, Conn., after careful analysis and experimentation, has discovered the scientific reasons for the well-known medicinal effects of Shivar Ale, a Southern mineral water product, whose health giving properties have won the favor of the medical profession, as well as the laity, throughout America.

Dr. Morse's attention was first attracted to this subject by his own personal experience in the use of the Ale, and by his observation of its beneficial effects upon his patients, but not being contented to merely observe the results, he decided to find out the cause. His analysis and practical tests disclose the fact that Shivar Ale possesses marked beneficial effects upon the system in three relations, namely, digestion, nutrition and excretion. Dr. Morse finds that the Ale increases the flow of the digestive fluids, namely, saliva, gastric juice and the pancreatic and intestinal juices, thus assisting weak stomachs in the digestion of all varieties of foods. It prepares the food completely for absorption and nutrition, thereby improving the health, strength and nourishment of the system as a whole, including the stomach itself, for the stomach is one of the first organs to suffer from the consequences of its own failure to properly digest food.

Dr. Morse further explains that in consequence of the perfect digestion and the increase of digestive fluids, the Ale corrects constipation, biliousness, headache, numerous forms of auto-intoxication, uric acid poisoning and many other disorders growing out of faulty digestion and faulty elimination.

Shivar Ale may be had of your local grocers and druggists.—Advertisement.

## BALDNESS CAUSED BY WAX

Baldness, due to hardening of earwax has been reported in two cases by Dr. J. Depoide, a French physician. In both patients, men of 32 and 52 years respectively, bald patches had appeared on the back and both sides of the head. After careful examination of mouth, teeth, throat, nose and chest revealed no existing cause. Both ears for each man were closed by wax. In the second week after removal of these plugs, new hair began to grow, and it soon became firm and abundant.

—

## Chinese Scclusion

So successfully has China succeeded in secluding herself from the rest of the world that there are places within her borders where Christian white men have never set foot even to this day. How very remarkable this fact is will be realized when one considers that the Christian white man has been the most restless wanderer known to history.

## HEY! WON'T LAST LONG

## Bargains to Make Fast Selling.

Lots of Summer is left. You will have a long time to enjoy the Summer at short prices. Our bargains mean; "Gains for you."

We shall not replenish our summer stock. We want to clear it right out of our store. This is why we are offering this big bargain in high grade dresses.

But "they won't last long."

The prices for Fall will be more than twice as high. Some of these dresses are late Summer styles and will be good for Fall wear.

Two big lots of Dresses, classed in two prices, for rapid clearance.....\$13.95 and \$19.95

## DRESSES at \$13.95

Include silks, taffetas, georgette, beautiful gingham; splendid styles.....\$13.95

## This Lot at \$19.95

Are dresses from our high grade stock, which were formerly of a much higher price; materials very finest.....\$19.95

Georgette Waists also included in this Big Dress Sale, starting July 8th and last throughout this week.

## GARNETT'S EMPORIUM

—THE VOGUE.

## May Mean War on Rats.

There is not enough leather to go round. Fish skins are susceptible to tanning, and there are rat skins which make good leather, large enough for many purposes. They would do for some kinds of gloves and mittens, says the Little Journal. They may be sewed together to make cloaks and other garments, and they are not too small to be available for parts of boots and shoes. The general rule as to leathers is that the thicker the fur is the poorer the hide, and vice versa. According to this, rat hide would produce superior leather.

Somebody with the gift of guessing computes that there are 100,000,000 rats in this country, and the damage they do would feed a good-sized army. It would take at least 5,000 skins a day to supply a small modern tannery. Nobody wants the rats; they belong to anybody that can catch them. That is the only problem—to catch them and skin them, and then deliver the goods.

## New Insulating Material.

A new insulating material that is incombustible is made by mixing 51.7 per cent powdered asbestos, 14 per cent powdered mica, 20 per cent mineral rubber (a soft substance found in deposits of oleaginous schist); 1 per cent rosin and 0.3 per cent of bisulphide of selenium. After washing and evaporating in the air, a hard, non-absorbent substance is obtained which, on heating, becomes plastic and can be molded to any shape.

## Classified.

Jack—Say, Jill, you didn't know that I was an electrician? I missed my calling.

Jill—How's that?

Jack—Why, last night, over at Jane's the electric light fuse burned out. Guess who fixed it? Me—I myself.

Jill—Huh! You're no electrician—you're an idiot!—Pennsylvania Punch Bowl.

## Anatolia.

Anatolia, mentioned in the news from the peace conference in Paris, is the name of one of the five large provinces or districts into which Turkey is divided. It lies between the Mediterranean and Black seas, and the district is the home of the greater part of the Turkish population, numbering about 7,000,000 people. The other four great districts of Turkey are Armenia, Syria, Mesopotamia and Kurdistan.

To Purify and Enrich the Blood  
Take GROVE'S TASTELESS CHILL TONIC which is simply IRON and QUININE suspended in Syrup. So Pleasant Even Children Like It. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

## SOCIETY NEWS

Margaret C. Shelton, Phone 682, Albany

## BIRTHDAY PARTY

In honor of the seventh birthday of Leone, the daughter of Mrs. J. A. Stroup, nineteen of her little friends gathered at her home on Monday to extend felicitations. Delightful games were enjoyed and lots of fun gave the young folks a joyous time. Plenty of ice cream, cake, candy and lemonade was enjoyed and little Miss Stroup was the recipient of many presents and good wishes. Those present were:

Misses Leone Stroup, Lucile and Mildred Holland, Ruth Jackson, Myrtle Hubbard, Pansy Sutton, Ruth Stroup, Lorene Hubbard, Ruth Prince, Venice Hubbard, Iva May McBride, Evelyn McClure, Ann Grace Hamlin, and George Jackson, Johnnie Stroup, Ellis Grubb, Walter B. Quick, Earl Jackson, Donald Brown, Fay Quick, Robbie Stroup, Theron Jackson.

## ODD FELLOWS TONIGHT

There will be a call meeting of Decatur Lodge No. 52 I. O. O. F. tonight at eight o'clock for the purpose of conferring degree work.

All odd fellows especially those who take part in the degree work are urged to be present.

W. L. Hatchett, Secty.

## Not Playing Fair.

It was mother's birthday and the children were trying to find out her age. Mother was teasing them by several exaggerated evasions. Finally Billy said: "I think you might tell me, mother; I never yet tried to keep my age from you."

## Insects Costlier Than Fires.

Insects cause the destruction of more timber that would otherwise be available for building purposes than do forest fires, according to investigations made by the bureau of entomology at Washington.—People's Home Journal.

## Hemstitching and Picot Edge Work

For the convenience of our customers and friends we have in operation a Singer Hemstitching machine, doing all classes of work, of Hemstitching and Picot edge.

Prices: For chiffon and all kinds of silks, 15c per yard, fine lawns, voils, organdys, etc., 12c, straight cotton, work, sheets, towels, etc., 10c. Customers to furnish colored threads (2 spools). ## PERSONAL

Dr. T. M. Petty of Florence, Ala., visited his parents on Sunday, Mr. and Mrs. W. A. Petty.

Mr. and Mrs. Bruce Petty of Columbia after a visit to relatives have returned home. Lucille Petty, a niece, accompanied them.

Chas. H. Greer, editor of the Sylacauga News is in the city the guest of his son, Dr. H. D. Greer.

Dr. W. A. Rickles expects to return shortly from Eagle Pass, Texas, arriving here about July 15.

Mrs. Geo. McGregor and son, Howard of Hartselle, visited relatives here yesterday.

Mr. and Mrs. W. G. Campbell and daughter, Viola, accompanied by Misses Ruth and Clara Thomas, motored to Tennessee to spend the week end.

W. B. Thomas spent the week-end in Tusculum visiting his sister, Mrs. J. F. M. Harris.

Mrs. Emmett Johnson, Mrs. L. C. Hightower and Johnnie McDonald of Athens spent the Fourth in Albany.

Mrs. Mary Parks London of Birmingham is the house guest of Dr. and Mrs. L. A. Neill.

Mary Lou Parkley left this afternoon to visit relatives at Pulaski, Tenn.

Miss Tiny Rebmam of Courtland is the guest of Miss Anne Jones.

Russell Lynne, son of Mr. and Mrs. S. A. Lynne, is improved.

Mrs. William Skeggs is convalescent after an illness.

Mr. and Mrs. C. Christianson, Mrs. Jean Norwood, Mrs. C. Wiegand have returned from a month's stay in Canada and other points.

Henry Zeitler, of Mooresville, is the guest of Mr. and Mrs. R. G. Cortner.

Inez McCall has returned from a two-weeks stay with the family of Robert Teague.

Mrs. Charles B. Saunders left Sunday to join her husband at Birmingham.

Mr. and Mrs. Jas. M. Petty have taken rooms with Mr. and Mrs. Geo. D. Williamson.

Mrs. Ed. Hippel of Memphis, is the guest of her mother, Mrs. W. M. Nix, on 3rd Ave. W.

Mr. and Mrs. E. Steed is recovering from a severe Malarial attack at the residence of her parents, Mr. and Mrs. Jeff Davis at Trinity.

Mrs. O. C. Hollingsworth is convalescent after a serious illness.

Mrs. H. M. Roberts and daughter, Lucy Thomas have returned from Nashville where they visited Miss Dorothy Roberts.

Little Lucian Bloodworth returned today from Mississippi.

Mrs. W. F. Jones and daughter, Mary, returned from Florence today.

Mrs. W. C. Coker and daughter, Miss Pauline, of Greenville, Ala., are guests of Mrs. W. B. Mankstein.

J. B. Steinhart, of Little Rock, Ark., was the guest of his niece, Mrs. W. B. Mankstein over Sunday.

## Honoring the Dead.

The great Japanese shrine of the Imperial ancestors at Yamada, in Ise, is taken down every twenty years and exactly reproduced. For many years every Japanese felt it his duty to visit the great shrine at least once.

## Shoe Prices to Soar Once More

(International News Service.)  
CHICAGO, July 8.—There is a world's shortage of hides and for this reason chiefly shoes will be from \$3.00 to \$4.00 per pair higher, according to officials of the national Shoe Dealers Exposition which is in session here.

## Non-Stop Flying Record is Made

(International News Service.)  
WASHINGTON, July 8.—Flying at a rate of more than 148 miles an hour, Capt. Lowell H. Smith yesterday established a new non-stop record between San Francisco and San Diego, Cal., the war department announced. In a De Havilland "blue bird" he covered the 610 miles in 248½ minutes.

## Von Tirpitz to Face the Court

(International News Service.)

LONDON, July 8.—Former Admiral Von Tirpitz, who was responsible for Germany's submarine warfare, will be among the accused German officers demanded for trial, the Times stated today. He will be accused of violation of international laws and customs.

## W. J. Sandlin Goes to Milton, Florida

W. J. Sandlin, who has had charge of the telephone exchange at Massey for the past fifteen years leaves Wednesday for Milton, Fla., where he will reside in the future. Mrs. Fitzgerald and daughter, respectively daughter and grand daughter of Mr. Sandlin, are now in charge of the telephone at Massey. Mr. Sandlin on departing has subscribed for the Daily for twelve months.

## To Teach Marksmanship.

Students in educational institutions in all parts of the United States are to have an opportunity to graduate as expert riflemen from a government training school next summer. Those who take the special course will get certificates conferring upon them the authority to teach others.

The director of civilian marksmanship plans, as means of encouraging marksmanship as a sport, to extend a special invitation to representatives of all student bodies to enroll for instruction in connection with the national matches of 1919, a congress of rifle and pistol shots—military, naval and civilian—which will be held under the auspices of the navy department on the rifle range at Caldwell, N. J., a few miles from New York, during August.

## Invention of Much Worth.

The special oxyacetylene blowpipe applied by French engineers to cutting steel under water is claimed to have greatly simplified the salvage of torpedoed vessels. A blowpipe is mounted in a small diving bell, from which the water is expelled by compressed air, and the blowpipe pressures of air and acetylene, greater than under ordinary conditions, are regulated according to the depth at which the work is being done. In trials made, ship's plates have been cut under 27 feet of water. Besides the use of the apparatus on sunken vessels, it can be employed in repairing locks, and probably in other underwater work.

**Soldiers Feel Wounds They Inflict.**  
Dr. Arthur Macdonald of Washington, honorary president of the international congress of criminal anthropology, tells in the Medical Record some of the oddities noticed in nervous soldiers. For instance: One "who bayonets another in the face may develop a hysterical tic in his own face, one bayoneting another in the abdomen may have abdominal contractures in himself. Hysterical blindness may follow from seeing horrible sights; hysterical deafness when the cries of the wounded are unbearable. And he adds that in some of these cases the only relief is a real wound.

## Daily Thought.

The silence that accepts merit as the most natural thing in the world, is the highest applause.—Emerson.

## WAS LOOKING FOR HE

(International News Service)  
NEW CASTLE, Pa., July 8.—rying a large Bible, Steve May told the police he was looking heaven. He was sent to the jail for five days.

## SUNDAY SCHOOL CONVENT

The annual Sunday school convention of Morgan county, will be at Center Springs beginning Wednesday, August 20. Let every president come with a good report.

Lee Street  
Phone 140

1—Some of the athletes picked to represent the American army in the interallied meet at Joinville-le-Pont, near Paris, photographed as they were about to sail from New York. 2—African chasseurs in the square at Beyrouth when the French occupied Syria. 3—Grace Loretta Williams of Fall Mall, Tenn., who was married to Sergt. Alvin York, known as the "greatest hero of the war."

## Calomel Users! Listen To Me! I Guarantee Dodson's Liver Tone

Your druggist gives back your money if it doesn't  
liven your liver and bowels and straighten  
you up without making you sick.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless. Calomel is a dangerous drug. It

is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

### YANK STOPS JAIL BREAK

LINCOLN, Ill., July 7.—Robert Hardin, negro prisoner, was so confident he would escape he penned a brief note to Sheriff Alberts. In the letter Hardin begged the Sheriff's pardon for stealing his revolver and promised to return it when he reached Canada, where he expected to start life anew. But Hardin reckoned without Sheriff Albert's brawny son, who had just returned from the army. The latter intercepted Hardin as he was making his courteous exit and found the incriminating note.

### Rum Made in Philadelphia.

Rum distilled from molasses was among Philadelphia's principal manufactures before the revolution. Dr. Benjamin Rush wrote to "Mad Anthony" Wayne after the capture of Stony Point: "Our street rang with nothing but your name. You are remembered constantly next to our good and great Washington, over our claret and maderia." Both were much in demand at the city's typical entertainments of the stranger.

### Cleaning Bottles.

When the inside of a bottle contains some deposit which cannot be removed by mere rinsing it will be found that a teaspoonful of ordinary silver sand, together with a little water, if well shaken up in the bottle, will get rid of it. Scraps of paper and tea-leaves can be used with water for the same purpose.

## Man's Trouble Arrested

The past 4 years I have been going down, down, down with catarrh of the stomach and had to give up work a year ago because of my weakened condition. I suffered terribly from bloating and colic attacks. May's Wonderful Remedy was recommended to me. I took a course of it and am now feeling fine. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince a skeptic. Sold by S. M. Thompson, Albany; Owl Drug Co., Decatur, and Druggists everywhere.—Advertisement.

## Danger Signals of Bad Blood

Pimples on the face, bunches in the neck, sallow and swarthy complexion, sores, ulcers, mucous patches, copper colored spots, scaly skin affections, constipation, inactive liver, dyspepsia and stomach trouble are common symptoms of poisoned blood. There is no remedy offered today to the public that has so successfully cured these diseases as "Number 40 For The Blood." An old doctor's prescription containing the most reliable alternatives known to medical science. Put up by J. C. Mendenhall, Evansville, Ind., 4 years a druggist. Sold by Preuit-Dillehay Drug Co., Albany. (Adv.)

UNITED STATES  
RAILROAD ADMINISTRATION

Ask the ten best dairymen you know  
**"Do you feed on Pasture?"**

Their answers will convince you that the big producers don't depend upon grass, but find it necessary to supply elements that properly balance it. Most grass is so deficient in protein that a cow would have to eat several times her capacity to obtain enough protein for her maximum production—grass is practically never balanced.

This is why repeated tests have shown that the average cow on pasture will produce  
**6 lbs. more milk per day**  
when fed Purina Cow Chow. This increase is obtained at an additional cost of about 6¢ per day per cow. Figure what this would mean to you for a week or a month.

**Purina Cow Chow**

Accomplishes this because it contains such milk makers as linseed meal, gluten feed from corn, hominy feed, molasses, cottonseed meal and western alfalfa meal.

Prove that you can increase the milk flow six pounds per day by putting Purina Cow Chow to the test. Sample stock on hand.

Sold in Checkerboard Bags Only

# The Vigor of Swift & Company Continues Only Because of Service

The only "control" over the packing industry is the "control" that gathers about the ability to do a necessary job in the best way.

Swift & Company has reached a leading place in the industry because the size and character of the job of providing a nation's meat require the wide and thorough organization, the experience and devotion to duty, found in an institution like Swift & Company.

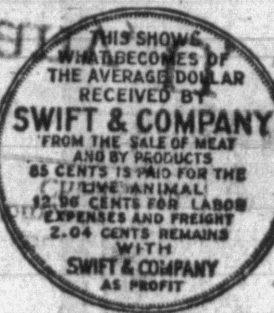

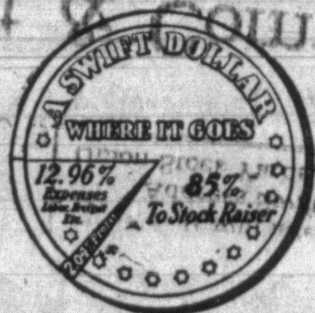

The moment Swift & Company ceases to perform its functions of usefulness with the greatest efficiency and satisfaction to the people, its position in the industry will vanish.

Swift & Company service is performed at a profit of a fraction of a cent per pound.

Let us send you a Swift "Dollar".  
It will interest you.

## AN ORDINANCE

Number 355

Granting a Franchise to Alabama Power Company, Its Successors and Assigns, in the City of Albany, Alabama.

Be it ordained by the City Council of Albany, Alabama, as follows:

Section 1. In consideration of the benefits that will accrue to said City of Albany, and the inhabitants thereof, Alabama Power Company, its successors and assigns, hereinafter referred to as the grantee, is hereby given and vested with the right, authority, easement, privilege and franchise for a term of thirty years to construct, erect, suspend, install, renew, repair, maintain, operate and conduct in said City of Albany, a plant or plants and system for the manufacture of electric current for all purposes whatsoever.

Section 2. The said grantee is hereby further given and vested with the right, authority, easement, privilege and franchise for a term of thirty years to construct, erect, suspend, install, renew, repair, maintain, operate and conduct in said city of Albany, a system of poles, towers, conduits, cables, conductors, transformers, stations, fittings, and all appliances or appurtenances necessary or desirable to the transmission, distribution, or sale of electric current for all purposes whatsoever in, over, under, along upon and across all streets, avenues, alleys, ways, bridges and public places in said City of Albany, as they now exist or may hereafter be laid out or extended, together with the further right privilege and franchise to construct, erect, suspend, install, renew, repair, maintain and operate such poles, towers, conduits, cables, wires, conductors, transformers, stations, fittings, and all appliances and appurtenances necessary or desirable to the transmission within, unto, through, over and beyond said City, and furnishing, supplying, and distributing to said City and to the inhabitants thereof and corporations, both within and beyond the limits thereof, electric energy for lighting, heating, power, and all other purposes for which electric energy may be used, now or hereafter, and for the purpose of extending its lines and furnishing electric current beyond the limits of said City of Albany.

Section 3. The poles, towers, conduits, cables, conductors, transforming stations, and fittings, appliances and appurtenances, shall be so constructed as not to unreasonably interfere with the proper use of the streets, avenues, alleys, ways, bridges, and public places in said City, and shall be maintained in reasonably good condition and repair.

Section 4. Whenever the grantee shall cause any opening or alteration to be made in any of the streets, avenues, alleys, ways, bridges, or public places of said City, for the purpose of installing, maintaining, operating or repairing any poles, towers, conduits, cables and other appliances, the work shall be completed within a reasonable time, and grantee shall upon the completion of such work restore such portions of the street, avenue, alley, way, bridge or other public place to be as good condition as it was before the opening or alteration was so made.

Section 5. The grantee shall hold said City harmless from and against any and all liability and damages resulting from the construction, maintenance and operation of said poles, towers, conduits, wires, cables and other appliances; and the City agrees that, in the event of an asserted claim against it for damages to person or property resulting from the construction, maintenance and operation of said poles, towers, conduits, wires, cables and other appliances, that it will not pay such claim, before suit brought, nor will it consent, for judgment thereon, to be rendered against it, without the approval of the grantee.

Section 6. The grantee may from time to time, declare, make and enforce reasonable rules and regulations as a condition for the sale or distribution of electric current to any person, firm or corporation.

Section 7. In the event the supply of electric energy should be interrupted or fail by reason of accident or otherwise, beyond the control of grantee, the grantee shall restore the service within a reasonable time, and such interruption shall not constitute breach of this franchise, nor shall the grantee be liable for damage by reason of such interruption or failure.

Section 8. The grantee shall install and maintain meters for measuring current, and shall have free access into the premises of the consumer, from time to time, for the purpose of reading, repairing, testing, and maintaining the meters and appurtenances, and shall have the right to make a minimum charge of one dollar per month per meter for service furnished hereunder, whether electric current of the value is used or not. Such meters shall be furnished and maintained by the grantee free of charge, and shall remain the property of the grantee.

Section 9. The grantee shall have the right to charge for electricity for lighting purposes furnished by it under this franchise at the following rates:

For the first 200 Kilowatt Hours per month, 10c per Kilowatt Hour  
For the next 300 Kilowatt Hours per month, 7½c per Kilowatt Hr.  
For the next 500 Kilowatt Hours per month, 5½c per Kilowatt Hr.  
All over 1000 Kilowatt Hours per month, 5c per Kilowatt Hour.

The grantee shall not be required to furnish electricity to any person, firm or corporation until satisfied of their financial responsibility and may require reasonable security to insure payment for electric energy to be furnished hereunder. All bills for electric energy shall be subject to a discount of 10 per cent if paid at the office of the grantee in said city within ten days after the date on which the bill is rendered, which discount shall not, however, reduce the net monthly bill below said minimum charge of one dollar.

Section 10. The rates charged for electric energy furnished hereunder shall be at all times subject to regulation and revision by the Alabama Public Service Commission, or other state commission vested with such power.

Section 11. Wherever in this ordinance either the City or the grantee is named or referred to, it shall be deemed to include the respective successor, successors, or assigns of either, and all rights, privileges, and obligations herein conferred shall bind and inure to the benefit of such successor, successors, or assigns of said City or of the grantee.

Section 12. This ordinance shall not become effective until the grantee connects its hydro-electric system with its distribution system, in said City, and such connections must be made within three years from the date of this franchise or the same shall be null and void.

Section 13. That when the grantee herein connects its hydro-electric system with its distribution system in said City, as authorized and provided in Section 12, hereof, all other rights, privileges, franchises and easements heretofore vested in the grantee, as assignee or otherwise, for constructing, operating, or maintaining an electric plant and system, shall at once cease and become null and void, and the grantee shall thereafter be held to have no right, privilege, franchise, authority and easement to construct, erect, suspend, install, renew, repair, maintain, operate and conduct in said City a plant for the manufacture of electric current, or to construct, erect, suspend, install, renew, repair, maintain, operate and conduct in said City a system of poles, towers, conduits, cables, conductors, transformers, stations, fittings, appliances and appurtenances necessary or desirable to the transmission, distribution or sale of electric energy, in, over, under, along, upon and across the streets, avenues, alleys, ways, bridges, circles, drives, and public places in said City, save and except, under and by authority of the right and franchise herein granted.

Section 14. The said grantee shall maintain a local business office at some convenient place in the business district in said city, where the public may pay and settle their accounts for lighting and electric energy, and make contracts for lighting services; may register complaints against the service of said Company, and transact such other business as the public may desire. Said office shall remain open at all reasonable hours during the day.

Section 15. The grantee, its successors or assigns, shall within ninety (90) days after the approval of this ordinance by the

Mayor, file a written acceptance of the ordinance with the City Clerk.

Section 16. The grantee shall pay the City Clerk the cost of publishing this ordinance, which publication shall be made in one issue of the Albany-Decatur Daily, a newspaper of general circulation in and published within the limits of said City of Albany. Adopted and approved, this the 7th day of July, 1919.

Attest:— A. C. DILLEHAY, Mayor.  
HENRY HARTUNG, City Clerk.

### Appreciated American Spirit.

Here is an anecdote from Maj. Ian Hay Beth's "The Last Million," that shows the feeling of one British officer toward the American doughboy. "I like the young American's passionate affection for his country," said the officer, "and his fixed determination to boost everything connected with her. One day I was waiting in a village for an American staff car which was being sent for me from Chaumont. I found one standing at the corner of the street, so I asked the chauffeur, thinking he might be from headquarters, 'Where are you from?' And he sat up and replied all in one breath, as if I had pressed a button, 'Sir, I am from Marion, Ohio, the greatest steam-shovel producing center in the world.' Just like that. That is what I call the right spirit."

### New Kind of Construction.

Several exhibition halls and assembly rooms have been built in Norway by attaching to the uprights a "netting" fashioned from wooden rods about a third of an inch square in cross-section, which are bound together with thin-plated iron wire, and subsequently covered with a durable plaster. Structures of this sort, says Popular Mechanics Magazine, are easily and quickly constructed and are said to be useful in winter time.

### Qualified.

He was applying for a position as attendant in an insane asylum. "Have you had any experience handling irrational persons?" he was asked. "Some," was his response. "I was a motion-picture director for several years." And he was hired forthwith.—Film Fun.

### BIG INCREASE IN TAXES

(International News Service) SACRAMENTO, Cal., July 8.—According to figures given out here by the State Board of Equalization, California corporations will pay into the State Treasury this year in taxes the sum of \$19,552,024.52, an increase of \$1,853,187.72 over 1918.
